Dear Sir/Madam,

I hope this message finds you well.

This is to inform you that the recent campaign was conducted using the “Get More Messages” objective on WhatsApp. As a result, the leads generated through this campaign are stored within the WhatsApp chat interface rather than being available for direct export in a structured format such as CSV or Excel.

We recommend manually reviewing and organizing these leads from WhatsApp conversations. For future campaigns, implementing lead forms or automated integrations may help in maintaining structured records.

Please feel free to reach out if further clarification is required.

Sincerely,

[Your Name]
