PKR

SCOPE OF WORK

Project Overview

Development of a simple and user-friendly online store for Hanfi Tech Store, allowing the client to display and sell mobiles, laptops, and accessories online.

1. Product Management

- Add, edit, and delete products
- Product details (name, price, description, images)
- Organize products into categories (Mobiles, Laptops, Accessories)
- **Installment Management:**
- Option to enable/disable installment availability per product
- Add installment details (e.g., monthly amount, duration)

2. Category Setup

- Create main categories
- Simple category-based product display

3. Website Design (Frontend)

- Clean and responsive design (mobile & desktop)
- Homepage with featured products
- Product listing pages
- Product detail page

4. Shopping System

- Add to cart functionality
- Checkout form (customer details submission)
- Order notification (via email or WhatsApp)

5. Admin Access

- Secure login
- Manage products and categories
- View incoming orders

6. Additional Features

- WhatsApp integration for direct communication
- Contact page
- Basic SEO setup

7. Technical Setup

- Website setup on hosting
- Domain connection
- Basic performance optimization
